VenturEd Solutions™

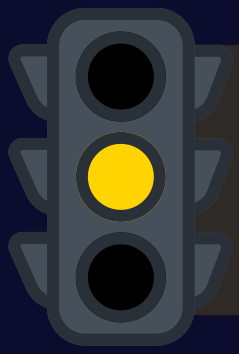

Your one-stop command centre for stronger parental engagement

At VenturEd Solutions, we offer specialised software to help shape your entire communications strategy. For effective engagement, think of your strategy as a traffic light system...

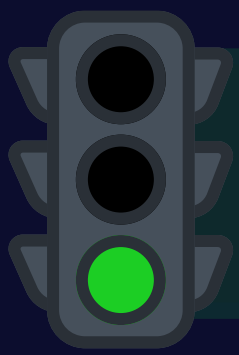

Step 1: Write your messages

Prepare new messages and forms by using ready-made templates

Step 2: Choose your channel

Plan which channels to use, including SMS, email, app notifications

Step 3: Send your messages

Send your messages and monitor responses from one place!

Our platforms **simplify** every step of your communications, whether it's through digital forms, templates, scheduling, or two-way messaging.

Don't settle for basic comms packages – choose us for our expertise and reliability!

Teachers2Parents

The easiest and most user-friendly comms platform in the UK market, making it perfect for primary schools and nurseries.

"Parents find it easy to use and pick it up quickly. We feel confident setting up new parents every year." - **Millennium Primary**

Groupcall

Our most advanced hub to manage all your channels with maximum reach and effectiveness — ideal for secondaries and colleges.

"For me, Groupcall is our communications strategy, and we wouldn't do without it." - **Stifford Clays Primary School**
